Requirements

Requirements for establishing a domestic partnership in California:

- Both persons file a Declaration of Domestic Partnership with the Secretary of State.
- Both persons share a common residence.
- Neither person is married to someone else or is a member of another domestic partnership.
- The two persons are not related by blood in a way that would prevent them from being married to each other in this state.
- Both persons are at least 18 years of age.

 - A)** Both persons are members of the same sex.
 - B)** One or both of the persons meet certain eligibility criteria under the Social Security Act and one or both of the persons are over the age of 62.
- Both persons have the capacity to consent to the domestic partnership.

Rights of Domestic Partners

Registered domestic partners shall have the same rights, protections, and benefits, and shall be subject to the same

responsibilities, obligations, and duties under law, whether they derive from statutes, administrative regulations, court rules, government policies, common law, or any other provisions or sources of law, as are granted to and imposed upon spouses.

Income Tax Returns

When filing their state income tax returns, domestic partners should use the same filing status as is used on their federal income tax returns, or that would have been used had they filed federal income tax returns. Earned income may not be treated as community property for state income tax purposes.

Vesting

The statutes do not specify a manner of holding title. We will accept vestings that mirror vestings for husbands and wives.

Examples are:

- John Jones and Sam Smith, domestic partners, as joint tenants.
- Mary Jones and Barbara Smith, domestic partners, as community property.
